

Good day Mr. Caperino!  
Although I didn't have to  
take this course, I'm so  
glad I did! Thank you for  
sharing your personal  
stories about finance and  
bringing awareness of  
what life looks like outside  
from being a college  
student. Thank you for  
memorizing my name  
and showing how much  
you care despite your  
schedule. Thank you for  
inspiring me to take a  
hold of my finances and

giving me an understanding  
of how taxes and how the  
government works. Your  
time is valuable and I  
appreciate all the tools  
and home work you  
**You're the best!**

provided. (I still need to  
review your work sheets!)  
I pray you continue to  
positively affect your  
upcoming students. I'll  
miss you!!

Love, Jez yie Deo
